Service Hour Requirement Verification Non Troop Service

Scout _____

has performed _____ hours of service for _____

(group or organization) _____

On date(s) _____ 201_ at _____

Place

Supervisor* of the Activity _____

Name

Phone #

Thank you for helping us to fulfill Scouting service requirements.

Note: Service hours must benefit a school, religious or public institution, the community, or the environment. Activities that a Scout regularly participates in do not count as Service Hours (*acolyte, home chores, service performed for the Troop*).

The Service Hours must be something a Scout would not normally do. The Scout **cannot** directly benefit a business or an individual, except for assisting the elderly or disabled. Hours can be earned from a fund raising event if service is provided while raising funds for a qualified organization and it is not strictly a sales event, Service hours do not directly benefit the Scout or the Troop. If in doubt, ask a leader first. A scout cannot receive a financial reward for the service performed, personal or for the troop.

Description of service performed:

Pre-Approved By: _____ Date: _____

Return to Troop Advancement Chair on completion of Service Hours.
